EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ms Jenna M. Morrison on 10-14-04.

The application has been amended as follows:

Claim 9 line 7, "other" was replaced with --another--.

2. The following is an examiner's statement of reasons for allowance:

None of the references obtained teaches a method of making an abrasive article where a cured binder sprayed *"fleece [is subjected] to a mechanical fibre-opening machine to wholly or substantially separate the fibres from one another."* (words inserted).

Note: although not explicitly stated in the original disclosure, the disclosure taken in its totality would have reasonably conveyed to one in the art that a fleece of applicant's invention is subjected to a MECHANICAL fiber opening machine.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
